Same Problem in training Details 404 not found

****No department in branch. So, department should not be mandatory.

HR:

Even if I have selected "Shahzada Selim" as retired employee and is showing in the "Departed Section", but in HR module, attendance process is not updated accordingly.

Holiday Management: Not branch by Branch, Holiday should be assigned for all branches.

Leave Application: if an employee applies for leave, no notification is shown in admin side.

Attendance: Attendance process, name should come according to designation from top to bottom.

Payroll:

Payroll Process: Should select employee by name or id. While generating report, in salary slip, emp id is not updated accordingly.

Bonus rules have no employees to incorporate.

Loan:

When employee applies for loan, requested amount, installment year are opaque. After filling out, it needs to be bold.

If requested loan amount is changed by admin, it is not notified to the employee side.

Loan repayments: can't select loan application id, manually date selection, can't track loan application.
